MEMORANDUM FOR THE DIRECTOR OF CENTRAL INTELLIGENCE

SUBJECT: Dissemination of CIA Estimates  
Containing Policy Assumptions

From time to time the National Security Council or its Staff requests the Central Intelligence Agency to prepare estimates based on certain assumptions with respect to U. S. policy or U. S. courses of action. In the interests of security it is considered desirable to restrict knowledge of these policy assumptions to those Departments and Agencies represented on the National Security Council.

It is therefore requested that CIA estimates based on this type of assumption be disseminated only to the named recipients of the CIA Daily Summary.
